

SUPER SCIENCE

Name: _____ Period: _____

Provide honest and detailed answers to the following questions:

1. Who is your favorite superhero (besides your teacher)? Why?

2. If you could have any one superpower, what would it be? Why?

3. How could your fantasy superpower be used for good? for evil? Give specific examples.

4. We do science to gain knowledge, but also in order to use that knowledge to make technology that gives us more control or power over nature. Science has made a lot of technological progress over the past 100 years. In fact, if you compare our modern world with the world of our great, great grandparents, you will find that some of our technologies give us superpowers over nature. Give a detailed explanation of how three modern tools or toys that you have used provide us with superpowers compared with our ancestors.
